Members in attendance

3 members were in attendance

1. Welcome and Introduction
2. To receive any items for Any Other Business

Section A: items for Discussion

A Mentimeter survey was designed by PSU to ask a set of questions for the attendees. The questions and answers are as follows:

1. What are your feelings towards online events?

There were a range of responses. These included, overused, drawn out, disappointing, draining, scary, boring and intimidating. There were positive responses however and these included, welcoming, necessary and easily accessible.

2. Have you attended an online SU event?

Majority in room said yes

If yes, what events have you attended?

The quiz was most cited event.

If not, why not?

Only one student answered and said "I already have friends, we arrange our online socials. There's no reason to have to go through the SU."

3. Do you see the SU advertise events?

Most responses included "Mainly sometimes" and "rarely" and then "always". No one wrote "never".

"I only see events posted by the Presidents sharing them, not by SU posts".

4. What events would you like to see the SU run in Semester 2?

Responses included Bingo, something music related, a live stream of a band or an online music festival. Tame me out? Challenges on a daily/weekly basis?

Any further comments?

There was a brief discussion of how events that were suggested could be taken forward in Semester 2.

Section B: Items to Note

None

Section C: Any Other Business

None
