#### Section A: Items for Discussion

3. 16:00-16:10pm  
Introductions –Introduce SU staff, University Staff and PWD
4. 16:10-16:20  
Purpose- University catering is up for tender at the end of the 2019-2020 Academic year. The purpose of this zone is to create a dynamic forum for discussion, where students can give honest feedback about what they like, dislike and would like to see on campus in the future to aid the University tendering process with honest and up to date student feedback. Based on comments made about the Catering Zone from the 2018/2019 Academic year by the University, I have replaced the sit-down Q&A aspect to the zone. This year, students will be able to roam around the room, try some food produced by catering and write their views on a post-it-note and put place it in a feedback box so it is anonymous. If they wish, students may also voice their opinions on catering provisions with SU and University staff who are in attendance.
5. 16:10-18:00  
Drop in- Students to come in and try the food, give their opinions and are then free to leave or stay and give more feedback. Students will spend approximately 20 minutes at the zone, to ensure that students turning up later can also give their feedback without there being too many people.
