

Mobile Phone Policy

Policy Statement

The Students' Union recognises that some staff may be required to attend off site activities relevant to their role, which may also include working outside core hours and therefore may require a mobile phone to ensure they are contactable for business purposes. This is to ensure that staff are not asked to give out personal mobile numbers for work activity and safe guards staff personal data.

Scope of Policy

Where a mobile phone has been issued by the Students' Union, it is for **business use only** and at all times will remain the property of the Students' Union. The user will be responsible for its safekeeping, proper use, condition and eventual return to the Students' Union. The user will also be responsible for any cost of repair or replacement other than fair wear and tear.

If it is found, following investigation, that there has been excessive personal data use, then the user will be asked to reimburse the company for the cost of this and action may be taken under the Disciplinary Procedure.

Where unauthorised calls have been made the user will be asked to reimburse the Students' Union. The user will be expected to pay for any personal calls/text messaging.

The user agrees that upon termination of employment, should they not return the allocated mobile phone, or should the mobile phone be returned in an unsatisfactory condition, the cost of replacement, or a proportional amount of this as decided by the Students' Union, will be deducted from any final monies owing, or the user will otherwise reimburse the Students' Union.
