

Motion number:
S13

Motion: Equality and Diversity Strategy

Senate Believes:

1. Equality and Diversity should be at the forefront of everything that this Students' Union does
2. That York St John Students' Union has no strategy to deal with Equality and Diversity
3. We as a Students' Union need to talk to students to find out what issues are effecting students
4. There is still a long way to go before we have true equality on campus
5. For the academic year 2012/13 and 13/14 the Union Executive will be made up of 5 men and 2 women even though campus is 65% women.

Senate Mandates:

1. For the Vice President Welfare and Diversity to work with the Equality and Diversity committee to create a strategy to deal with Equality and Diversity on campus and to report to the Annual General Meeting 2013 about their findings and have it decided by the student body at that meeting

Proposed By – Dan Ridsdale – Vice President Education
